**DETAILED ACTION**

***Oath/Declaration***

1. The oath/declaration filed on 04/16/2004 is acceptable.

***Information Disclosure Statement***

2. The IDS filed on 11/24/2003 have been considered and made of record.

***Claim Rejections - 35 USC § 112***

3. This application is in condition for allowance except for the following formal matters:

Claim 1, in line 2 and claim 2, in line 1, examiner is considered the term **“capable of” as well defined as an intended use limitation**. The claim limitation that employ phrase of the type “capable of” is typical of claim limitation, which may not distinguish over prior art according to the principle. It has been held that the recitation that an element is “capable of” performing a function is not a positive limitation but only requires the ability to so perform, see *In re Venezia*, 189 USPQ 149 (CCPA 1976). Appropriate correction is required.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

***Allowable Subject Matter***

4. Claims 1-52 are allowed.

5. The following is an examiner's statement of reasons for allowance: In response to remarks and claim amendments made in Applicant's Amendment filed on 06/14/2007, Applicant's argument is persuasive. *In claim 1 (similar to claim 25 and 47),* applicant states that limitation "a release mechanism coupled with the ejector handle, the release mechanism to secure the ejector handle in the first position, and actuation, to allow movement of the ejector handle toward the second position;" and in combination with "a lock mechanism disposed in the ejector handle and movable between a locked position and an unlocked position, wherein the lock mechanism, when in the locked position, engages the release mechanism to prevent actuation of the release mechanism." This combination limitation, in conjunction with other limitation as claimed in the claim 1, was neither found to be disclosed, nor suggested by the prior art. Claims 2-24 (similar to claims 26-46 and 48-52 depend on the claims 25 and 47). Amended claims have been considered and upon conclusion of a comprehensive search of the prior art, the office indicates that the claims, as amended, are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
